Regional Investor Seminar on "Overview of Security Market based & Basic of Mutual Fund"

Venue: Nazrul Mancho, Berhampore College

Date: 07.01.2026

Speaker: Abhijit Saha (Sr. Executive, BSE- Regional Investor Awareness Program (RISA) & SEBI)

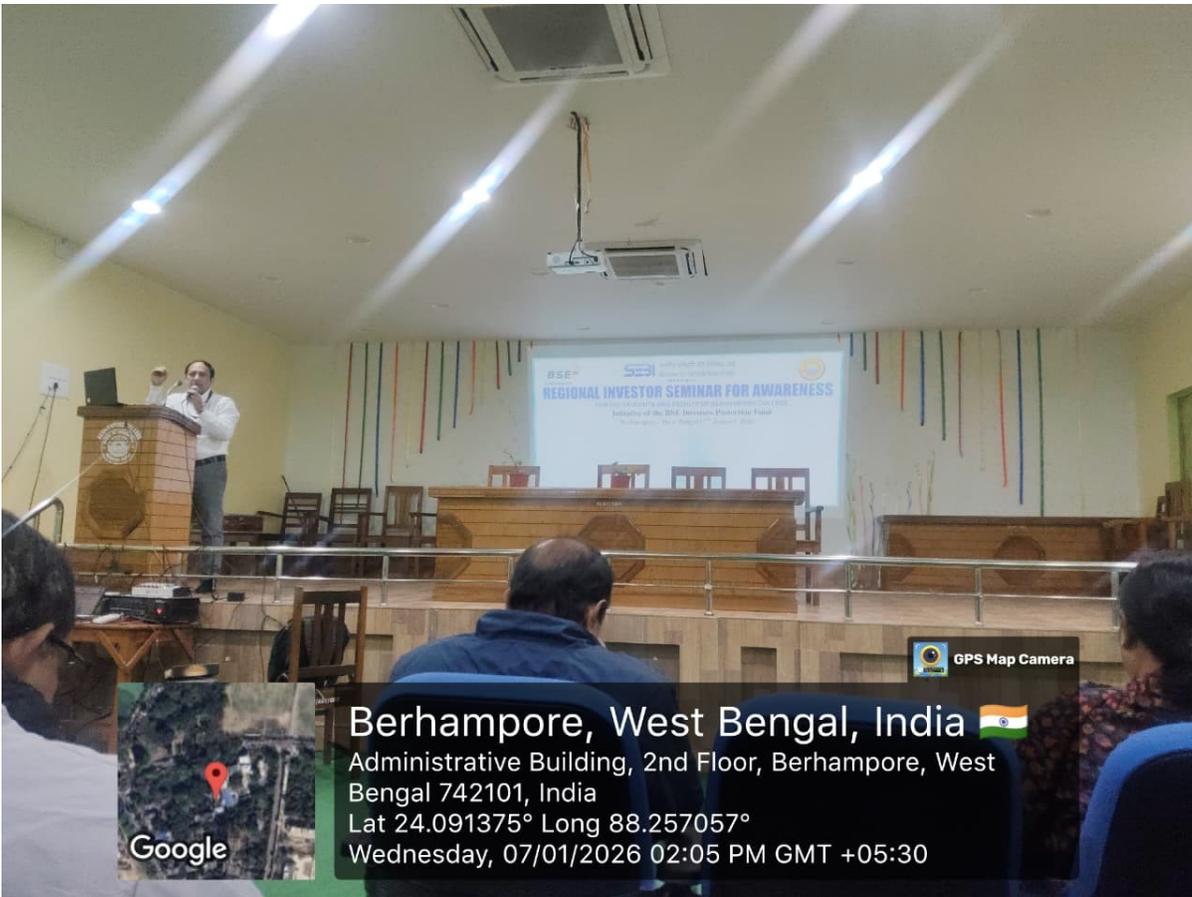

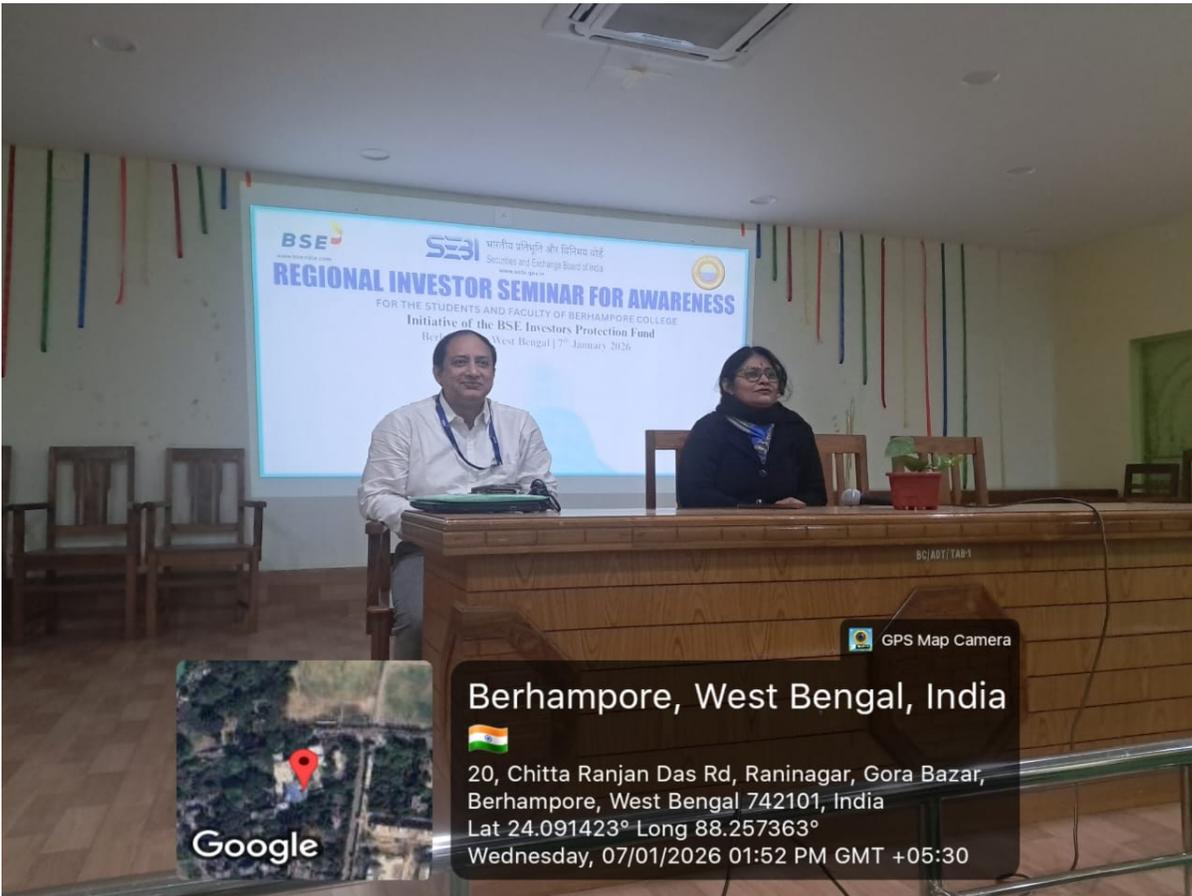

A Regional Investor Seminar on “*Overview of Security Market & Basics of Mutual Fund*” was successfully organized with the objective of enhancing financial literacy and creating awareness among participants about investment opportunities in the securities market. The seminar aimed to provide fundamental knowledge of capital markets and mutual fund investments, particularly for students, young investors, and first-time market participants.

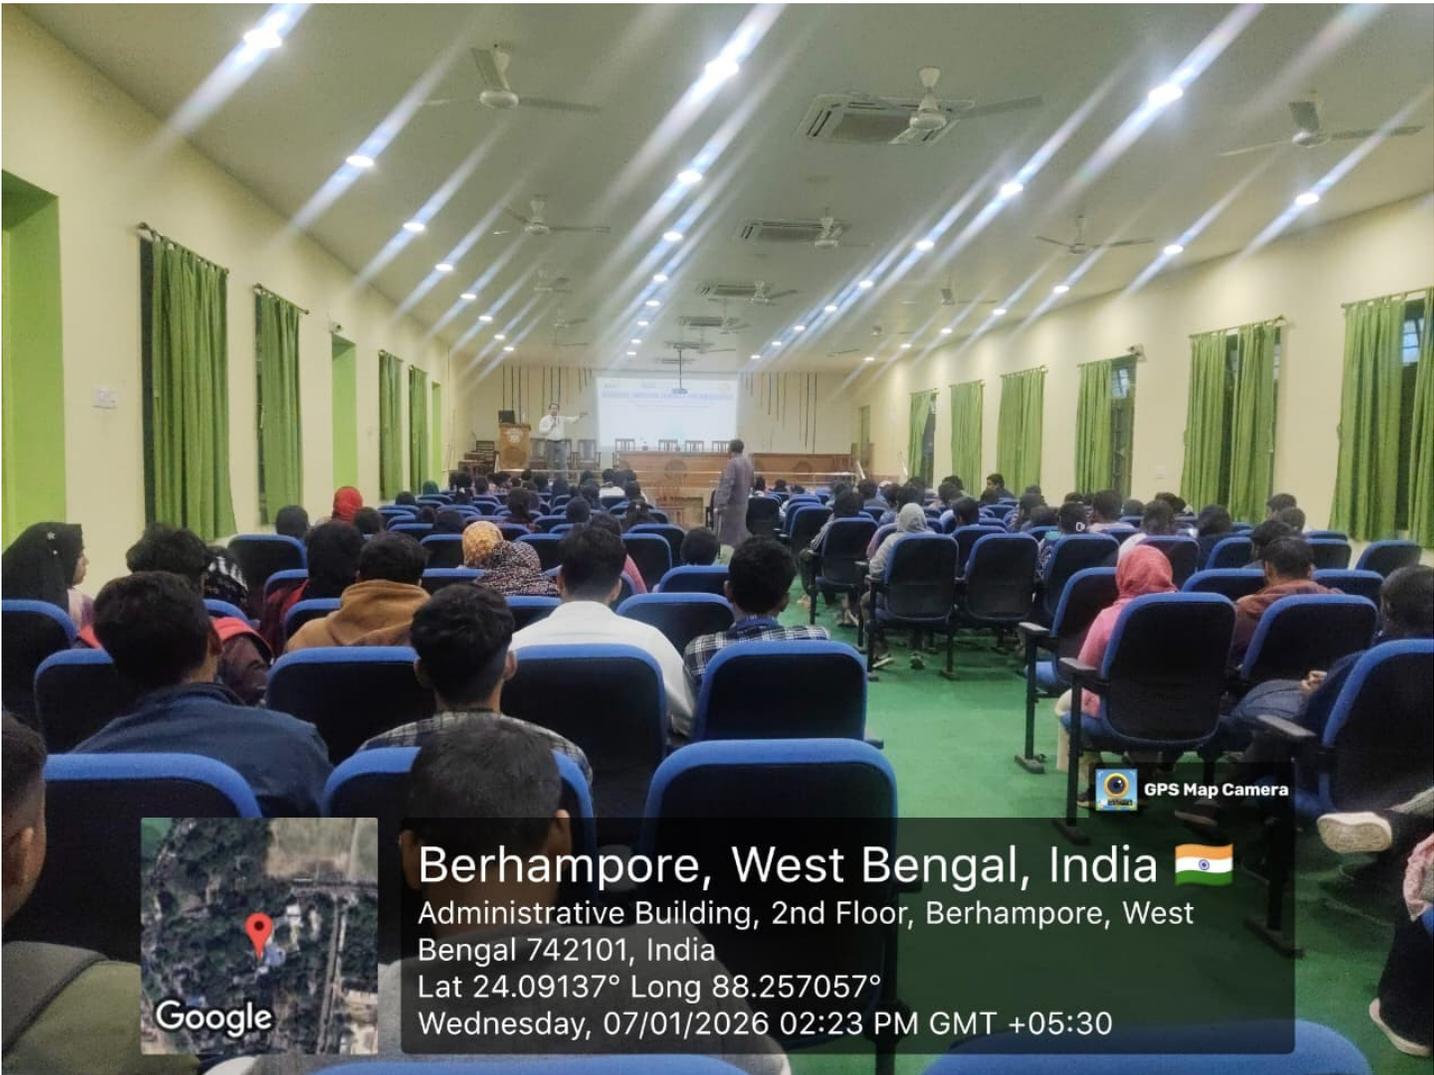

The programme commenced with a welcome address by Dr. Indrani Basu, Principal of Berhampore College, highlighting the growing importance of financial awareness in today’s dynamic economic environment. The keynote speaker elaborated on the structure and functioning of the Indian securities market, explaining the role of regulatory authorities such as the Securities and Exchange Board of India (SEBI), stock exchanges like the National Stock Exchange of India (NSE) and the Bombay Stock Exchange (BSE), and various market intermediaries. The session covered essential concepts including primary and secondary markets, IPOs, equity shares, bonds, market indices, risk-return trade-off, and investor protection mechanisms.

The second session focused on the basics of mutual funds. The resource person explained the concept of pooling funds from investors and investing in diversified portfolios managed by professional fund managers. Different types of mutual funds—such as equity funds, debt funds, hybrid funds, and index funds—were discussed in detail. Participants were also informed about key terms like NAV (Net Asset Value), SIP (Systematic Investment Plan), expense ratio, diversification, and risk profiling. Emphasis was placed on long-term financial planning and disciplined investment strategies.

An interactive question-and-answer session allowed participants to clarify their doubts regarding market volatility, taxation, and safe investment practices. The speakers encouraged informed decision-making and highlighted the importance of understanding risk before investing.

The seminar concluded with a vote of thanks, acknowledging the efforts of the organizers and resource persons. Overall, the programme proved to be highly informative and beneficial, equipping participants with foundational knowledge of the securities market and mutual fund investments while promoting responsible and informed investing practices. There were 137 (one hundred thirty seven) active participants in the seminar to make the event grand success.
