Report on Workshop on Website Upgradation

Title: Workshop on Website Upgradation and ERP-Related Services
Venue: Berhampore College Auditorium (Nazrul Mancha)

Date: 3rd September, 2026
Speaker: Sri. Shrikanta Basak

Introduction: Berhampore College organised a workshop on website upgradation for the teachers of the college. The workshop focused on the improvement of the existing college website. It also covered various ERP-related services.

Programme Details: All the teachers of the college participated in the workshop. They were introduced to different aspects of website management and upgradation. The session focused on the effective use of the college website. The existing website vendor of the college conducted the session. The vendor explained various features of the existing website. Different issues related to website design and management were also discussed. The participants were made aware of various ERP-related facilities. The workshop also discussed the use of Teaching-Learning Materials (TLM) on the website. The resource person explained how digital materials can be organised and made available to students. The vendor also discussed the advantages of a modern and user-friendly website. The importance of easy navigation and regular updates was highlighted. The need for accurate and timely information was also discussed.

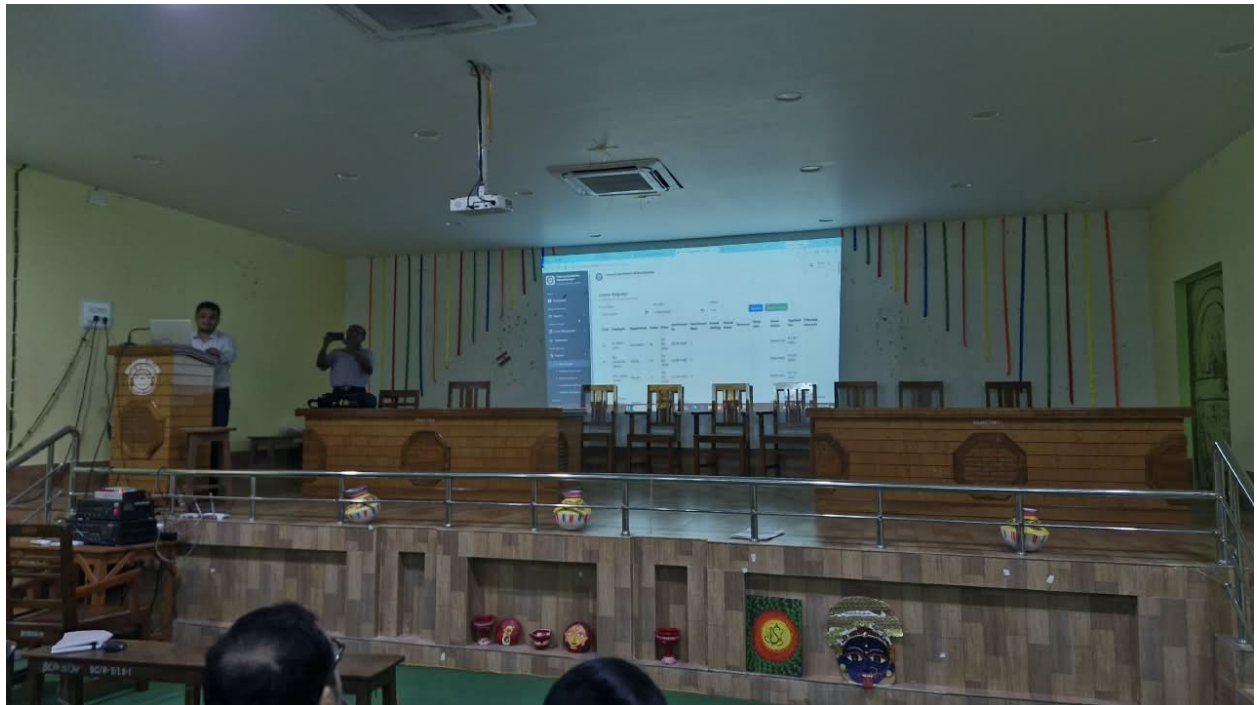

Aims and Objectives: The main objectives of the workshop were:

- To create awareness about website upgradation.
- To familiarise teachers with ERP-related services.
- To discuss the use of TLM through the college website.
- To identify existing website-related issues.
- To understand the advantages of modern website design.
- To improve the digital services of the college.

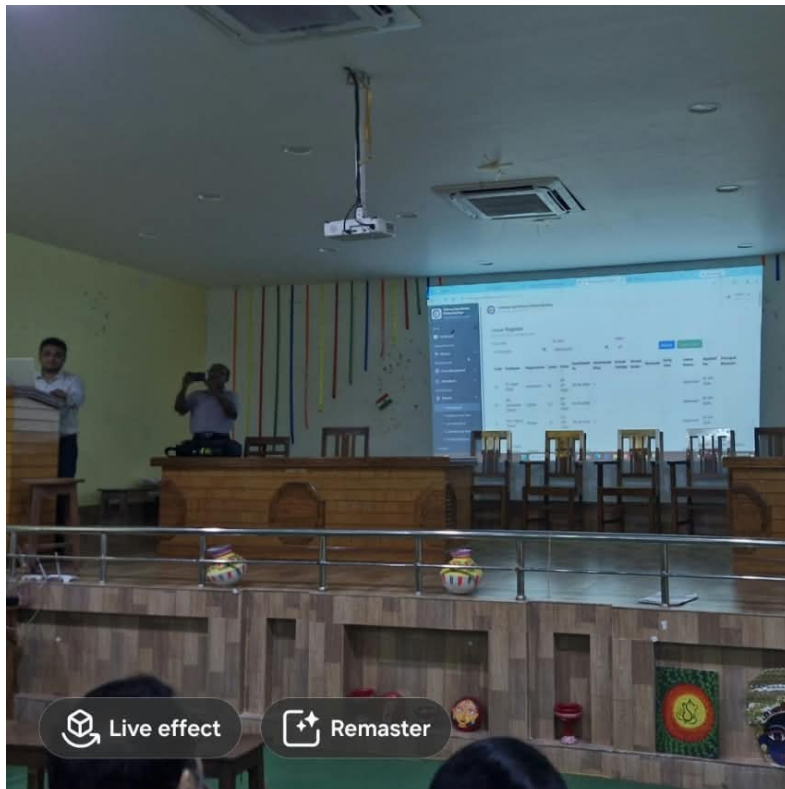

Outcomes: The workshop helped teachers understand the importance of website upgradation. They became familiar with various ERP-related facilities. They also learned about the use of TLM on the website. The workshop provided a platform to discuss existing issues. It also helped the college identify areas for further improvement. The discussion with the website vendor was useful in understanding the advantages of an updated and user-friendly website.
